#### ATTACHMENT A - CONFIDENTIALITY AND CERTIFICATION OF INDEMNIFICATION

Submitted proposals, which are marked "confidential" in their entirety, or those in which a significant portion of the submitted proposal is marked "confidential" will not be accepted by the State of Nevada. Pursuant to NRS 333.333, only specific parts of the proposal may be labeled a "trade secret" as defined in NRS 600A.030(5). All proposals are confidential until the contract is awarded; at which time, both successful and unsuccessful vendors' technical and cost proposals become public information.

In accordance with the Submittal Instructions of this RFQ, vendors are requested to submit confidential information in separate binders marked "Part I B Confidential Technical" and "Part III Confidential Financial".

The State will not be responsible for any information contained within the proposal. Should vendors not comply with the labeling and packing requirements, proposals will be released as submitted. In the event a governing board acts as the final authority, there may be public discussion regarding the submitted proposals that will be in an open meeting format, the proposals will remain confidential.

By signing below, I understand it is my responsibility as the vendor to act in protection of the labeled information and agree to defend and indemnify the State of Nevada for honoring such designation. I duly realize failure to so act will constitute a complete waiver and all submitted information will become public information; additionally, failure to label any information that is released by the State shall constitute a complete waiver of any and all claims for damages caused by the release of the information.

This proposal contains Confidential Information, Trade Secrets and/or Proprietary information as defined in Section 2 "ACRONYMS/DEFINITIONS."

Please initial the appropriate response in the boxes below and provide the justification for confidential status.

#### ATTACHMENT C – VENDOR CERTIFICATIONS

Vendor agrees and will comply with the following:

- (1) Any and all prices that may be charged under the terms of the contract do not and will not violate any existing federal, State or municipal laws or regulations concerning discrimination and/or price fixing. The vendor agrees to indemnify, exonerate and hold the State harmless from liability for any such violation now and throughout the term of the contract.
- (2) All proposed capabilities can be demonstrated by the vendor.
- (3) The price(s) and amount of this proposal have been arrived at independently and without consultation, communication, agreement or disclosure with or to any other contractor, vendor or potential vendor.
- (4) All proposal terms, including prices, will remain in effect for a minimum of 180 days after the proposal due date. In the case of the awarded vendor, all proposal terms, including prices, will remain in effect throughout the contract negotiation process.
- (5) No attempt has been made at any time to induce any firm or person to refrain from proposing or to submit a proposal higher than this proposal, or to submit any intentionally high or noncompetitive proposal. All proposals must be made in good faith and without collusion.
- (6) All conditions and provisions of this RFQ are deemed to be accepted by the vendor and incorporated by reference in the proposal, except such conditions and provisions that the vendor expressly excludes in the proposal. Any exclusion must be in writing and included in the proposal at the time of submission.
- (7) Each vendor must disclose any existing or potential conflict of interest relative to the performance of the contractual services resulting from this RFQ. Any such relationship that might be perceived or represented as a conflict should be disclosed. By submitting a proposal in response to this RFQ, vendors affirm that they have not given, nor intend to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant or any employee or representative of same, in connection with this procurement. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest will automatically result in the disqualification of a vendor's proposal. An award will not be made where a conflict of interest exists. The State will determine whether a conflict of interest exists and whether it may reflect negatively on the State's selection of a vendor. The State reserves the right to disqualify any vendor on the grounds of actual or apparent conflict of interest.
- (8) All employees assigned to the project are authorized to work in this country.
- (9) The company has a written equal opportunity policy that does not discriminate in employment practices with regard to race, color, national origin, physical condition, creed, religion, age, sex, marital status, sexual orientation, developmental disability or handicap.
- (10) The company has a written policy regarding compliance for maintaining a drug-free workplace.
- (11) Vendor understands and acknowledges that the representations within their proposal are material and important, and will be relied on by the State in evaluation of the proposal. Any vendor misrepresentations shall be treated as fraudulent concealment from the State of the true facts relating to the proposal.
- (12) Vendor must certify that any and all subcontractors comply with Sections 7, 8, 9, and 10, above.
- (12) The proposal must be signed by the individual(a) 1-

#### ATTACHMENT I - CERTIFICATION REGARDING LOBBYING

#### Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.
- (3) The undersigned shall require that the language of this certification be included in the award documents for all sub awards at all tiers (including subcontracts, sub grants, and contracts under grants, loans, and cooperative agreements) and that all sub recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

# TECHNICAL MINIMUM QUALIFICATIONS SECTION 3.3

#### 3.3 BIDDING PROCESS

Using Agencies will utilize a bidding system on an as needed basis for each project, and the awarded vendors will be notified based on the project's needs. The RFQ does not hold awarded vendors to any prices, nor does it obligate the State to purchase goods or services from all awarded vendors. The purchase amount will be controlled by the individual using agencies through a purchase order submitted to and accepted by the vendor once an individual project has been bid and awarded.

# 3.4 PROJECT MEETINGS FOR FIRE FUEL REDUCTION AND VEGETATION MANAGEMENT SERVICES;

#### 3.4.1 Pre Work Conference:

- 3.4.1.1 A Pre-Work Conference will be held prior to the start of each project. The vendor will be notified in advance of meeting time, date and place. The purpose will be to review required work, project drawings and specifications, construction schedules, payments, and administrative provisions of the contract;
- 3.4.1.2 The vendor, subcontractors and the persons responsible for coordination of the work shall be present at the meeting; and
- 3.4.1.3 The vendor shall be prepared to summarize and explain procedures planned for the project.

#### 4. SCOPES OF WORK

In order for vendors to qualify for any fire fuels reduction service, proposing vendors must provide evidence of the required employee knowledge and skills through experience (attach resumes and/or CV), as well as a detailed description of services in the scope of work being proposed upon. A minimum of three (3) years' experience in each of the scopes of work being proposed is preferred.

Work is to be performed in a professional manner, with due diligence paid to protecting private property and ensuring a safe working environment for crew members. Equipment and crews must be fully compliant with State and local employer safety and fire prevention codes and ordinances. On-site crew supervision is required to ensure crew safety, as well as an industry accepted level of production. Routine inspections will be conducted to determine quality of work, production levels, and compliance with site protection requirements. Any slash or high stumps that are left will constitute an incomplete job and payment will not be approved until complete;

PART 1A - TECHNICAL SOQ

## **SECTION 5.1.9 COMPANY BACKGROUND**

I started my business in 2002 and I am a sole proprietor. I have now been self employed in the wood product business for 15 years. Prior to wood products, 1988-2001, I was employed in the sand and gravel industry in Apple Valley Ca and worked in surrounding areas as a heavy equipment operator and later promoted to management as lead foreman overseeing the construction and operation of portable crushing plants. This experience has provided a solid background in management as a foreman responsible for employees, safety standards, plant production, overseeing State and Federal regulations and maintaining proper paperwork.

My company, D. Watt Industries, has been known for making an effort in researching local outlets and securing contracts that make a positive impact and provide jobs for local personnel in the area I work in. I primarily worked in the Ely NV area as a result of securing government contracts. I have had contracts with Honey Lake Power near Susanville, CA, a co-generation plant which utilized biomass in association with said contract. I have been involved with Fuels for Schools providing wood chips to benefit local elementary schools in Ely NV as part of my involvement with the Meloy Summit contract.

Several projects that have been completed that are similar to the services I would provide in this RFQ are:

Burnt Canyon Mastication project, BLM, Solicitation number L12PS00423

Meloy Summit, Thinning Firewood & Mastication, BLM, Solicitation number L09PC00197

Ash Valley, chipping project, BLM, Solicitation number L08PX00388

Part 1A - Technical SOQ Fire Fuels Reduction & Vegetation Managment RFQ 3282

Tab 8 - Company Background and References

## SECTION 5.1.9 COMPANY BACKGROUND continued

### Projects:

Smith Valley, Mastication and fuel wood project, BLM, Solicitation number L09PC00110

Lowery Fuels Removal, Mastication, U.S. Forest Service, Soliciation number AG-9360-S-09-0026

### Experience/Capabilities:

I bid jobs start to finish, having total involvement in all aspects of the projects and have the set of skills to finish contracts within budget and the time frame required. I have worked primarily as a contractor/sub-contractor doing mechanical thinning with a track feller buncher with a shear head or mastication head. When I secure contracts for mastication I will purchase a new Fecon BH80 head or 200 size. I have used the BH80 in the past and I'm familiar with its capabilities. I have also worked with chipping sides. .

D. Watt Industries presently owns a **2003 Timbco 445EXL track fellar buncher** with a tiger cat 2000 wood tree shear. It has capabilities of cutting 20' trees. This machine has the capability of operating on ground up to 45% slope. Vendor also owns a **1995 Val Met 503b 15' wood shear 3-wheeled fellar buncher**. Val Met has capability of 15% slopes.

In the past vendor has had a track fellar buncher with a fecon BH80 masticator with capabilities of 65 gal and 260HP. I have completed projects for BLM and U.S Forest Service with this equipment. If awarded this RFQ contract vendor intends to acquire another mastication head to complete projects.

I am currently, and have for the last three years, cutting biomass with a track fellar buncher for Headrick Logging located in Anderson, Ca. I am currently working on a biomass project involving plantation thinning located near Susanville Ca.

# of years in classification: 15

# of years with firm: 15

## Brief Summary of Professional Experience:

I have been self employed in the wood product business for 15 years. I have worked primarily as a contractor/sub-contractor doing mechanical thinning with a track feller buncher with a shear head or mastication head. When I secure contracts for mastication I will purchase a new Fecon BH80 head or 200 size. I have used the BH80 in the past and I'm familiar with its capabilities. I have also worked with chipping sides. Prior to wood products, 1988-2001, I was employed in the sand and gravel industry as a heavy equipment operator and later promoted to management as lead foreman overseeing the construction and operation of portable crushing plants. I am currently, and have for the last three years, cutting biomass with a track fellar buncher for Headrick Logging located in Anderson, Ca. I am currently working on a biomass project involving plantation thinning located near Susanville Ca.
